

President Returning

WARSAW (AP) — President Nixon flew out of Warsaw for home today to report to Congress and the American people on his summit talks in four nations and the breakthrough arms limitation accords with the Soviet Union.

The President is to address a joint session of Congress at 9:30 p.m., half an hour after his jet is scheduled to land at Andrews Air Force base near Washington. The touchdown will end a 13-day summit tour that took Nixon to Austria, the Soviet Union, Iran and Poland.

The presidential press secretary, Ronald L. Ziegler, said the main theme of Nixon's nationally broadcast address will be "what

has been accomplished and what now must be done."

Ziegler told newsmen before the departure from Warsaw that the President feels his talks with Soviet leaders in Moscow and the arms limitation accords are of such importance that he should report on them "at the earliest possible date."

Though Ziegler did not divulge details of the speech, all indications pointed to a presidential effort to sell Congress and the public on the arms accords he signed with Leonid I. Brezhnev, the Soviet Communist party chief.

Before leaving Warsaw, his final stop, Nixon hosted a luncheon for the Polish leadership. He told the Poles in a farewell toast that members of Congress will appreciate the "solid ties" between Poland and the United States that were reinforced by his two-day visit.

His talks with the Polish Communist party leader, Edward Gierek, and Polish government leaders covered expansion of U.S.-Polish trade, technological cooperation and other matters. A communique issued after the talks noted disagreement on Nixon's Vietnam policy but stressed mutual desire for increased ties in commerce and tourism.

"With this in mind, the two sides discussed issues related to commercial exchange and financial and credit matters," the communique said. "The Polish side indicated an interest in increased purchases of capital goods, licenses and technology in the United States."

The statement was issued following a 45-minute conversation this morning between Nixon and Gierek in the Palace of the Council of Ministers. Also sitting in were presidential adviser Henry A. Kissinger and the Polish premier, Piotr Jaroszewicz.

While they talked, Mrs. Nixon attended a Chopin recital in Lazienki Park across the street. She got a spontaneous farewell of shouted bravos and kisses on the hand when she rose to leave.

The President returns home with a major election-year triumph to lay before Congress and the American public in the arms limitation accords.

Though the agreements took effect on signing, they were couched in part in the form of a treaty requiring ratification by two-thirds of the Senate.

Nixon's speech at 9:30 p.m. EDT will be broadcast nationwide.

Bills Burn Sedalian; Burns Car

A Sedalia man who told the Pettis County Sheriff's office he was tired of having to pay for repairs on his car, reportedly set fire to his 1966 Chevrolet at 5 p.m. Wednesday at the old ford on Flat Creek on South Grand, about two miles south of Sedalia.

Charlie Lemmons, 610 South Kentucky, remained in the Pettis County jail Wednesday night while officials conducted an investigation of possible arson. Lemmons was released Thursday and no charges were filed.

According to a report received by sheriff's officials, Lemmons apparently set fire to his car and then started walking from the scene. He was picked up by the driver of a green Comet.

Sheriff's deputies, acting on a telephoned tip, took the 44-year-old Lemmons into custody while enroute to the fire scene.

The interior of the car was gutted by the fire. The Pettis County Fire Department extinguished the blaze, which was confined to the passenger compartment.

Return Body to Windsor Castle

WINDSOR, England (AP) — The body of the Duke of Windsor was brought to Windsor Castle just after dawn today.

A Royal Air Force jet flew the body Wednesday to Benson Air Base, near Oxford, from Paris, where the duke died at his home Sunday at the age of 77. Four RAF officers stood guard through the night beside the catafalque in the base chapel.

At 6 a.m. a hearse bearing the coffin, draped with the duke's personal standard, left Benson for the 18-mile journey to Windsor. It was preceded by a police car and followed by two other automobiles and a dark panel truck.

An hour later, the King Henry VIII gate closed behind the cortege. Only a small group of newsmen watched the arrival.

Seeking Office

Bond 'Bondwagon' Stops in Sedalia

State Auditor Christopher "Kit" Bond, Republican candidate for Missouri governor, Thursday told The Democrat-Capital that one of his assets for the office he is seeking is his experience as auditor. "It's the best training ground in state government for the governor's office because we examine in detail every branch of government," he pointed out.

The 33-year-old state auditor came to Sedalia while on a six-day campaign tour of 23 Missouri cities. He addressed a gathering of about 150 persons on the Pettis County Courthouse lawn.

"I am running for governor now so that I can provide the kind of leadership needed to bring reform and renewed faith to Missouri government in the 1970s," Bond said.

If elected governor, Bond said, he would "create a government that puts people above politics."

He said at present Missouri's human and natural resources were not being utilized to the best advantage of all citizens. "The voices of taxpayers," Bond said, "are saying that state government simply is not working well enough." Bond promised to "end that tragic charade going on in Jefferson City."

He pointed out that it is time for a change in Jefferson City since there hasn't been a Republican governor since 1940. He said he wants to see "the same efficiency and high caliber people" in the executive branch of Missouri government that he introduced in the auditor's office.

The candidate's wife, Carolyn, is accompanying him on the "Bondwagon," which is a school bus converted into a mobile campaign headquarters. About 25 youths from different parts of Missouri tour with Bond and serve as campaigners. Bond said he is traveling 1200 miles across Missouri in the bus to talk with the state's citizens.

Bond is a native of Mexico and was an assistant to the attorney general in charge of the consumer protection division. The Bonds now live in Jefferson City.

Earlier, Mayor Jerry Jones presented Bond with a plaque depicting the Sedalia emblem and expressed the hope that Bond would obtain a majority of votes in Pettis County.

A band played "When the Saints Go Marchin' In" as the "Bondwagon" pulled up in front of the courthouse.

After Massacre

Guards Patrol Israeli Airport

TEL AVIV (AP) — Guards armed with submachine guns patrolled Israel's international airport today following the terrorist massacre earlier this week and Lebanese forces were placed on the alert under orders to respond to any Israeli reprisal. The death toll in Tuesday's massacre rose to 26.

Lebanon alerted the U.N. Security Council to the possibility of Israeli retaliation for the massacre in which three Japanese hired by Palestinian guerrillas killed 24 persons and wounded 70 others in the Tel Aviv airport.

Most of the victims were Christian pilgrims from Puerto Rico. The 26th fatality, a middle-aged Puerto Rican woman identified as Ornita Luba, died today in a hospital near Tel Aviv. Two of the dead were Japanese terrorists. Lebanon feared an Israeli attack on the

Beirut airport because a Palestinian guerrilla organization based in the Lebanese capital, the Popular Front for the Liberation of Palestine, claimed responsibility for the massacre.

The Israeli government called on foreign airlines to make more effective checks of passengers and baggage. It also asked Japan to take all necessary measures to ensure the safety of passengers and crewmen of airliners flying to Israel "in accordance with international law and the international civil agreement."

Premier Golda Meir hinted broadly at retaliation Wednesday, telling the Arab states they would be held responsible for the attack. And Israel in a letter to the Security Council spotlighted Lebanon, saying, "Terror actions carried out abroad are planned and organized in the Beirut headquarters of the terror groups."

One of the young terrorists was killed by his comrades' gunfire, one committed suicide with a grenade and the third was captured.

The Japanese opened fire shortly after arriving on an Air France flight from Rome. They used submachine guns and grenades which they took from bags they had checked in Rome. Only their hand luggage had been screened in the Italian capital.

Transport Minister Shimon Peres met with representatives of the 17 foreign airlines that fly to Israel and told them the Israeli government was asking foreign governments for tougher security measures at all major airports. These include inspection of all baggage and hand luggage, personal checks of all passengers and careful inspection of passports and identity cards.

Air France said in a statement that the flight Tuesday had been "subjected to the normal security procedures followed by Air France and other international carriers serving Israel."

These included a search of all passengers and their hand baggage, the statement said, and each checked bag was set aside and identified by its owner before boarding.

The French government implied that any laxity was the Rome airport's fault since the three Japanese boarded there. But Rome airport officials said they only performed checks requested by the airlines, and Air France had asked only that the hand luggage be checked.

Starting immediately, baggage checked by passengers to Tel Aviv will be searched.

Release Bobby Baker

LEWISBURG, Pa. (AP) — Bobby Baker, former secretary to the U.S. Senate Democratic majority, was released on parole today and declared himself happy to be free after nearly 17 months behind bars.

Baker, 43, was picked up shortly before 8 a.m. by a private car which had driven into the federal minimum security prison farm near here. When the car reached the gate, Baker got out and spoke briefly to newsmen.

"I feel fine and I'm happy to be free," Baker said. He reminded newsmen that he has always maintained he was innocent of the income tax evasion, fraud and grand larceny charges of which he was convicted in 1967.

Baker refused to talk about his stay in prison, saying he would grant no interviews until after the publication of a book he is writing. He gave no details about the book.

Baker had been sentenced to three years in prison. Before his parole, he was held at the Allenwood prison farm, which is known as the honor farm of the Lewisburg Federal Penitentiary.

A former Senate page boy who rose to the secretary position, Baker was convicted in 1967 on charges related to the misuse of his authority. After several appeals, he entered prison on Jan. 14, 1971.

Baker's position had made him a key assistant to President Lyndon B. Johnson while the latter was Senate majority leader.

Without parole, Baker could not have been freed before next May 6.

Baker's career in Washington began when he arrived from Pickens, S.C. and became a page. He earned a reputation as a tireless worker and went to law school at night.

He earned \$19,600 a year as secretary to the Senate majority, but his income went far beyond that. He estimated he received \$2 million from his motel, his vending-machine interests, his insurance and real estate ventures, his law firm and his travel agency.

Sedalian Abducted At Shopping Center

A man who raped a 33-year-old Sedalia woman south of Sedalia Wednesday afternoon is probably the same man who raped a 30-year-old Sedalia housewife April 19, Pettis County Sheriff Emmett Fairfax said Thursday.

Fairfax said the description of the rapist, according to the woman who was assaulted Wednesday, is essentially the same as the first victim's description of the assailant. He said the recent victim looked at a composite of the rapist, as determined by the first victim, and said she could not add anything to the drawing.

"We're looking for the same man," Fairfax said.

According to Fairfax, the woman was forced at gunpoint into her parked car around 3 p.m. Wednesday on the west side of the Thompson Hills Shopping Center parking lot. The car reportedly was parked in the third row back from the Katz store.

Fairfax said there were no witnesses to the abduction.

The assailant reportedly drove the car about six miles southwest of Sedalia to a country road about a mile from Route 22. There he forced the woman out of the car and raped her, according to Fairfax. She was not beaten or assaulted in any other manner, he added.

The assailant then drove the victim's auto back to the shopping center and parked it on the east side of the parking lot, where it later was discovered by authorities.

The sheriff's department was tipped off to the rape about 3:48 p.m. Wednesday when they received a phone call from Leo Dove, a farmer in the area where the assault took place.

Fairfax said Dove told the sheriff's

North west of Hue

Setting Trap for Enemy

SAIGON (AP) — More than 1,000 South Vietnamese paratroopers launched a sweep with tanks 25 miles northwest of Hue today, trying to trap a North Vietnamese regiment.

Enemy artillery caused light casualties, and by late afternoon two government task forces were battling North Vietnamese units of 100 or more men each.

In the air war, U.S. Air Force Phantoms shot down two North Vietnamese MIG21s within 30 miles of the Chinese border Wednesday. No U.S. planes were reported lost in the dogfight, the closest to the border since the 1965-68 bombing campaign. But the U.S. Command said a Phantom returning from a strike in North Vietnam today crashed just before reach-

ing its Thai base, and the two crewmen were rescued unhurt.

The U.S. Command said the two MIG 21 interceptors were shot down within 15 minutes of each other at points 50 to 70 miles northeast of Hanoi by missiles from two F4 Phantoms based in Thailand. The MIGs apparently had been sent up from the Kep air base, 35 miles northeast of Hanoi, to challenge the bombers which the Phantoms were escorting.

North Vietnam also was hit from the sea. The heavy cruiser Newport News and the destroyer Waddell fired for 100 miles along the coast, ranging at more than 30 targets. The Navy said one fuel depot was left in flames and more than 20 secondary explosions were observed at an ammunition dump.

Accompanying the ground sweep, Associated Press correspondent Holger Jensen reported that more than 1,000 paratroopers with scores of tanks and armored personnel carriers advanced through a North Vietnamese artillery barrage in the foothills northwest of Hue.

In the central highlands, South Vietnamese forces in Kontum reoccupied the area around the hospital Dr. Pat Smith of Seattle, Wash., had operated for Montagnard tribesmen, and the remaining patients and staff members were reported unharmed despite heavy fighting in the neighborhood.

Government troops in Kontum also were reported to have reoccupied a Roman Catholic compound in the southeast part of the city.

Louis Harris Survey

Humphrey Leads in Showdown

By LOUIS HARRIS

In a showdown test nationwide among Democratic and Independent voters, Sen. Hubert Humphrey led Sen. George McGovern by 45-40 per cent in early May as the preference for the Democratic Party nomination for President. However, in the crucial western part of the country, where next Tuesday's pivotal primary will be held, McGovern led Humphrey 43-42 per cent. In addition, in a two-way race, Humphrey was more the beneficiary than McGovern among voters whose first choice was Gov. George Wallace of Alabama.

The Humphrey-McGovern confrontation splits the Democratic Party down the middle between the traditional "gut" vote, on the one hand, and the "new politics" elements on the other. Humphrey's appeal is rooted in the groups which made up the old New Deal coalition, while McGovern's backing can be found among those voters who constitute the newer "coalition for change."

Here is how the division cuts by key segments of the electorate:

✓The most visible difference between McGovern and Humphrey is by age, with the under-30 vote going for the South Dakota Senator, but with the former Vice President dominating the vote 50 and over.

✓Humphrey and McGovern patterns are very different by income. The Minnesota Senator's strength is rooted among the lower and lower-middle income voters. By contrast, McGovern leads among the more affluent and better educated.

✓Humphrey has dominated the black vote, on the basis of his well-known record in the past of having fought for civil rights. Despite endorsements from many prominent black leaders in recent weeks, McGovern has suffered from a lack of identity in the black community and from unfamiliarity with his stands on the racial issue.

✓Humphrey runs well ahead among persons who have been life-long Democrats, but McGovern runs away with the vote of Independents.

✓Humphrey carries the union vote handily, but loses to McGovern among persons who

do not have a member of their family in a union.

✓Humphrey ran ahead of McGovern in the South by a whopping 20 points, but trailed McGovern in early May by a razor-thin edge throughout the West — and that is where California's pivotal primary will take place next week.

The 45-40 per cent overall lead among Democratic and Independent voters for Hubert Humphrey might have made him a slight favorite in a nationwide primary, if one had been held in May just between him and George McGovern. At that time, however, the momentum was with McGovern.

And most observers agree that it will be California next Tuesday and not the nation where the decisive Humphrey-McGovern test will be held. California has a big union population and a substantial older citizen, black, and Chicano constituency, which might work to Humphrey's advantage. Also, the California primary is closed to all but enrolled Democrats.

Nonetheless, California also has a larger young vote and more higher income and better educated voters than the Democratic Party nationally. And its politics tend to more nearly fit the mood of the new rather than the old politics. All of these elements will be working powerfully in McGovern's behalf.

It is possible, of course, that although he is not entered in the California primary, Gov. George Wallace might make the marginal difference on the outcome. Wallace is the first choice of 19 per cent of all western Democrats and Independents. His backers have been waging a write-in campaign on his behalf in California. Nationally, the Wallace vote goes nearly 3-2 for Humphrey over McGovern, but those figures include the South,

where McGovern has minimal strength. On a state-by-state basis, McGovern and Wallace have sometimes split a segment of the political protest that has characterized the 1972 campaign.

The final outcome in California could ride on how many Wallace voters bother to write in their man's name, how many stay at home, or how many switch to Hubert

Humphrey or George McGovern.

Allergy Often Hard To Trace

Dear Dr. Lamb — Some time ago I read an article by you about the person who had swelling of the lips (angioneurotic edema) and had been tested for all kinds of allergies for almost everything. I wanted to add my experience in hope that it would help somebody.

I had this problem when I was in high school and had intermittent attacks of clonny and itchy face. I was told not to eat this or drink that and not to be nervous. The worst problem was that sometimes my throat would swell and the doctor was concerned that it might shut off my breathing.

Finally I saw an allergy doctor who diagnosed my problem. Since all the tests done by other allergists to different foods, insect bites and so forth were negative, he concluded that it was none of these and it wasn't. My problem was simple aspirin. Oh, I didn't get the attacks immediately after taking the aspirin, but sometimes several days later and with observation and study it became apparent that I was allergic to the salicylate which

is in aspirin and in other medicines.

Whenever I have been in the hospital since then, I have often had trouble convincing people that I have an allergy to aspirin and salicylates and every once in awhile someone gives it to me and I have trouble again, but if I am successful in avoiding taking any aspirin or salicylates of any type, I don't have any problem. It has made a great difference in my life and it means being able to live a perfectly normal life without any itchy, clonny face and running to the hospital emergency room for adrenalin.

Dear Reader — Thank you for your nice letter. It is true that some people are allergic to aspirin, like you. Unfortunately, many people have this same problem from allergies to other substances and, as you have discovered, it is a long, drawnout process in finding which substance is guilty. You are very fortunate and saw a very good doctor. Certainly allergy to aspirin or other medicines should be considered when searching for the cause of an allergy.

Dear Dr. Lamb — Would you explain why caffeine is always included with aspirin and other medicines for headaches?

Dear Reader — Caffeine is useful in relieving headaches in some people because it causes constriction of the arteries to the head, both inside and outside the skull. A large number of headaches are caused by temporary dilation of these arteries and if the caffeine causes them to constrict the headache is relieved.

However, it is not going to help the person who is accustomed to drinking lots of coffee.

Deadline on City Stickers Friday

Mrs. Opal Hugelmann, city collector, said Thursday morning 4,000 city car stickers have yet to be sold before Friday's deadline. Approximately 6,000 stickers had been sold by Thursday, she said.

Mrs. Hugelmann said there would be no increase in the cost of a sticker if purchased after the deadline but warned potential late-buyers that police will issue a summons to car owners if they have not purchased stickers before the deadline. Failure to purchase or display the stickers may result in police court fines of up to \$10 upon conviction. The deadline is Friday.

Man Is Freed On Bond in Check Case

Jerry Dillon, Houstonia, is free on a \$1,000 bond following his arraignment in Magistrate Court Thursday morning on a charge of issuing a no funds check at the Horseshoe Bar recently, according to a spokesman for the Pettis County Sheriff's department.

Dillon's bond is returnable June 8, when he will have his preliminary hearing, it was reported. The amount of the check was not determined.

It was reported that Dillon was taken into custody by the Houstonia city marshal Wednesday afternoon on a warrant issued by the county sheriff's department. He was brought to Sedalia later the same day.

department he had come into contact with a woman who said her car had been stolen.

After the assailant drove off and left the woman, Fairfax said, she walked to a farm house to seek assistance. However, no one was there. Later, Dove saw her walking along the road and stopped his car when he approached her. After hearing her car had been stolen, Dove went to his home and phoned the sheriff's department.

The woman was examined by Dr. Robert Stockwood at 6 p.m. Wednesday at Bothwell Hospital.

Fairfax said the woman's car was impounded and turned over to Missouri Highway Patrol investigators, who searched it for fingerprints and other clues.

Fairfax did not say whether the search turned up any solid evidence.

Alabama Man Is Taken in Custody

A Birmingham, Ala., man was arrested by Sedalia police at 12:45 a.m. Thursday for investigation of tampering with a motor vehicle and leaving the scene of an accident.

Police reported Samuel Yaw, 59, was arrested early Thursday morning after he was seen driving a pickup truck believed to be the one which struck a parked car at 12:10 a.m. at 207 East Main, and owned by Elmer N. Draffen, 209 East Jackson.

According to reports, Yaw was believed to have taken a large number of pills before police arrested him. He was taken to Bothwell Hospital but returned to the police station later. By 1 p.m., no charges had been filed against him, a police source said.

Man Found Innocent Of Charges

Jackie Cooper, 27, Sedalia, was found innocent by reason of mental disability on charges of molesting a minor, in Pettis County Circuit Court Wednesday. Circuit Judge Frank Meyer, however, ordered Cooper to undergo treatment at the State Hospital in Fulton.

Cooper was arrested May 6, 1971, on charges of molesting a minor. He underwent a mental examination in February at the state hospital. Prosecuting Attorney Adam Fischer, acting on recommendations from the findings of the mental examination, recommended Cooper be confined for further treatment at the hospital.

In another case, Jackie Louis Holtcamp, 18, 622 East 10th, was ordered by Circuit Judge Frank Meyer, Wednesday, to undergo a mental examination at the state hospital in Fulton to determine his competency to stand trial. He is charged with second degree robbery.

Holtcamp was arrested by police April 18, in connection with a break-in of two soft drink machines at Smith-Cotton High School. About \$10 or \$15 in change was taken from two machines.

List \$50 Damage From Motor Fire

Sedalia firemen responded to two alarms Tuesday and Wednesday, with only minor damage resulting in one instance.

Firemen were called to the Elk's Club, 316 South Kentucky, at 5:50 p.m. Wednesday after a motor on an air conditioning unit there burned out and caused considerable smoke at the scene.

Reports indicate a refrigeration repairman extinguished the blaze before firemen arrived. The report listed damage at \$50.

Humphrey Charges Denied

By THE ASSOCIATED PRESS

Sen. George McGovern has denied an accusation by Sen. Hubert H. Humphrey's political camp that he exceeded voluntary spending limits on radio and television advertising in his well-heeled Democratic presidential primary campaign in California.

Jack Chestnut, Humphrey's campaign manager, charged Wednesday that a partial check of radio and television stations showed "a clear violation" by McGovern of an agreement to spend no more than \$413,000 in the state.

The McGovern campaign spent \$446,000 in media advertising through last Friday, Chestnut contended.

In reply, McGovern told newsmen in Los Angeles, "I give you my word that we have not overspent the allowance."

McGovern said about \$260,000 has been spent for broadcast advertising in the state but that he will not exceed \$450,000 by the time the primary rolls around on Tuesday.

The agreed limit is \$460,000, including permissible transfer of funds from other states, he contended.

The controversy arose among signs that the Humphrey campaign is lagging financially.

Humphrey told the AFL-CIO New Jersey convention in Atlantic City during a phone call that the union would have let him communicate by smoke signal instead of telephone "if you knew the financial condition of my campaign."

Toward the end of a 14-hour campaign day Wednesday, McGovern told several thousand persons in Covina that if elected he can gain release of U.S. prisoners of war within 90 days of his inauguration.

McGovern said he would do it by agreeing to withdraw U.S. forces from South Vietnam over a 90-day period and end support for the Saigon regime. In return, he would ask that withdrawing forces not be attacked "and that once that has been completed our prisoners be released."

Humphrey missed a luncheon speech in Santa Barbara by 45 minutes and drew only 100 persons, mainly the press corps, when he delivered the talk at his next stop, a union hall in nearby Ventura.

Meanwhile, Los Angeles Mayor Sam Yorty, also a candidate in the Democratic primary, told newsmen in Sacramento that he would accept Alabama Gov. George C. Wallace as a runningmate. But he said he could not be vice president on a Wallace ticket because "our views are too different."

Fitzgibbon Hospital Administrator Dies

MARSHALL — C. Steacy Pickell, 62, died Wednesday in the John Pershing Memorial Hospital, Brookfield.

Pickell, who had been head administrator of the Fitzgibbon Hospital here since 1967, resigned recently because of ill health.

Pickell had been business manager of Missouri Hospital Association in Kansas City and a life-long resident there before becoming administrator of the John J. Pershing Hospital in Brookfield in 1961.

Funeral services will be held at 11 a.m. Friday at the First Christian Church here. Burial will be in Kansas City, Kan.

Zoning Change Is Asked By Heckart

The city planning and zoning commission will meet at 7:30 o'clock tonight in the City Council chambers to consider a rezoning request by Del Heckart, president of the Heckart-Gillespie Funeral Home.

The request concerns 108,000 square feet of land situated at the southwest corner of the west city limits on West 16th. Heckart, owner of the land, is requesting the property be rezoned from R-1 (residential) to C-0 (non-retail district).

Heckart did not wish to elaborate on his plans for the property before the meeting.

Physicians Address Group In Sedalia

In an effort to bridge the communication gap between the University of Missouri Medical Center at Columbia and medical practitioners in small communities in the state, a team of three medical professors from the Center spoke to local doctors at a meeting Wednesday evening in Sedalia.

The meeting, attended by about 65 physicians and their wives from Pettis, Benton, Saline, Morgan and Lafayette Counties, was held at the Walnut Hills Country Club.

The visiting team consisted of Dr. Paul Young, director for continuing medical education; Dr. Gordon Sharp, chief rheumatologist, and Dr. Richard Martin, chief cardiologist.

Dr. Young pointed out that the Medical Center gets only a 50 per cent grant from the state compared to 80 per cent eight years ago. The increasing role of the center is evident in the fact that it now trains nearly 800 students in the fields of medicine, nursing and allied subjects, he said.

Dr. Sharp said the arthritic center at the University of Missouri, which is about 2½ years old, is devoted to education, research and patient care. He said the center is on the threshold of discovering new drugs for arthritic patients.

Dr. Martin emphasized the steps the medical center was taking in fostering a closer relation between physicians and their patients. A device called the "centrex" system will be installed at the center in the next few days to enable a person to reach his doctor at the center through direct dialing without having to go through a switchboard operator and a secretary.

The doctors discussed the population-physician ratio in the state. Dr. J. E. Block, president of the Sedalia Medical Society, said while the national ratio of physicians to 100,000 persons was 179, the wide disparity in Missouri communities is evident from Jackson County's 190 physicians per 100,000 compared to 50 physicians in smaller communities. Sedalia's estimated ratio is 130, he pointed out.

Dr. Block introduced the speakers.

Politics Wallace Medicine

LOS ANGELES (AP) — The wife of Alabama Gov. George C. Wallace says politics is the only thing that would make her husband try to walk again and adds: "If I have to push a wheelchair in the White House, I will do it."

A bullet lodged in Wallace's spinal column also will be left there indefinitely unless it causes infection, Cornelia Wallace said Wednesday night at a taping of the Merv Griffin television show.

Mrs. Wallace also said that the governor, who was shot May 15 at a Maryland shopping center, moved his foot for the first time Tuesday night while his children visited.

"But I don't know exactly what it means, because a neurosurgeon was not there," she said.

Earlier, Wallace's toes had wiggled when his feet were rubbed or tickled. He is hospitalized at Holy Cross Hospital in Silver Spring, Md.

Mrs. Wallace's appearance on the show will be broadcast Monday, the day before the California Democratic primary in which Wallace is a write-in candidate.

Before she learned of the possibility her husband might not walk again, Mrs. Wallace said she first felt "relieved to think that we could live a normal life and be home and do simple things like simple people do ..." because she felt he would not immediately try to resume his political career.

But now, she said, she wants her husband to pursue his political goals. "I think that the only thing that would ever really make him want to try to walk again is his career and his politics," she explained.

She was asked whether she saw Arthur Bremer, the accused assailant, during the shooting. "No, I didn't see anything," she replied. "I didn't see any of him. I just heard the shots, because I was walking away, actually walking to get a lady ... so that she could shake hands with my husband."

"The thing that would have killed him was the stomach injury," she said of Wallace's wounds.

"The bullet missed his large aorta by a hair. It missed his lung, missed his liver, missed every vital organ and just by a fraction. So we just are thankful that he is alive."

Water System Is Repaired at Home

Operations at Buena Vista Home are back to normal and, after more than a week of routine operation, Miss Mary Jacks, bookkeeper for the home, said "it's nice to have all the running water you can use again."

On May 20 the deep well pump at the nursing home malfunctioned, forcing emergency delivery of water to the home's 43 residents until a temporary pump was installed. Several area residents volunteered their time and efforts in providing the needed water.

However, by May 23 the part needed to repair the pump had been obtained from Oklahoma and since then operations have been back on a normal basis, Miss Jacks said.

Leaders Of IRA Arrested

DUBLIN (AP) — Authorities of the Irish Republic arrested three leaders of the Irish Republican Army's Provisional wing Wednesday and today but were unable to find a fourth.

The two arrested Wednesday were Joe Cahill, once the spearhead of Provisional operations in Northern Ireland, and Rory O'Brady, president of the Provisional's political arm, Sinn Fein. They were held under the offenses against the state laws, allowing police to keep them for 48 hours without formal charges.

Prison authorities said they went on a hunger strike.

O'Brady's brother, Sean, publicity director of Sinn Fein, was picked up today.

Sean Macstophain, chief of staff of the Provisionals, evaded a police dragnet.

The Official wing of the Irish Republican Army announced a cease-fire Monday night, but the Provisionals have ignored it and kept up their campaign of violence in Northern Ireland. Their headquarters is in Dublin, capital of the Irish Republic.

In the Northern Ireland capital of Belfast, two men burst into a downtown tax office early today and shot two Roman Catholic attendants, wounding them critically. Security sources said the raid may have been a revenge attack by Protestant guerrillas.

There was also an explosion and shooting around the dock area of Belfast.

Arrest Wanted German

FRANKFURT, Germany (AP) — Police with an armored car blasted the hideout of a terrorist gang today and captured leading gang members wanted in a recent series of political bombings across West Germany.

The gang's Red Army Faction is blamed for the recent wave of bomb attacks on U.S. Army bases, police stations and other buildings.

Federal police identified two of those arrested as Andreas Baader, 29, accused of being co-leader of the Baader-Meinhof gang, and Holger Klaus Meins, 30, who is believed one of Baader's top lieutenants.

Police sources said Baader was wounded during an early morning gunfight in a residential district in northern Frankfurt.

Berlin police issued the original warrant for Baader's arrest and have been actively participating in the nationwide manhunt for him.

The Red Army Faction announced last Sunday that it would set off three bombs Friday afternoon in Stuttgart "as a reminder of the bombing war of the U.S. imperialists in Vietnam."

The police said none of their men was hurt in the shootout near the studios of the U.S. Armed Forces Radio Network.

CENTO Allies Gather

LONDON (AP) — The CENTO allies gathered in London today, and Secretary of State William P. Rogers was reported ready to warn them of continuing Soviet pressure and penetration in the Middle East so long as the Arab-Israeli conflict is unsettled.

However, diplomatic authorities said Rogers was expected to predict that the Russians will seek at all costs to stay out of any shooting war in the area. Informants said his presentation takes full account of President Nixon's talks with Soviet leaders in Moscow.

This American assessment was prepared for the annual foreign ministers' meeting of the Central Treaty Organization, or CENTO. The United States is an associate member of the group, which is made up of Britain, Turkey, Iran and Pakistan.

The ministers of the five nations also are due to examine a secret report on the spread of Communist subversion, especially through the Middle East.

High-ranking sources said Britain shares American expectations that the Russians intend to pursue their drive for influence in the Mediterranean, the Middle East, the Persian Gulf and the Indian Ocean.

The CENTO conference will discuss how to counter advances the Soviet Union has made in concluding friendship and cooperation treaties with Egypt, India and Iraq and in supplying arms in the area.

During his visit to Moscow, Nixon pledged with the Russians to go on working for a peaceful settlement of the Arab-Israeli conflict in line with the U.N. Security Council resolution of November 1967, which calls for the withdrawal of Israeli forces from Arab territory captured in the six-day war, an end to the state of belligerency against Israel and "secure and recognized boundaries" for Israel.

Another controversial issue that may come before the two-day CENTO meeting is Pakistan's urgent search for new arms to replace what it lost in the war with India last December.

The British have been working to keep the question of arms for Pakistan off the CENTO table so as not to antagonize India.

Three Theft Reports Received by Police

Police received three theft reports Wednesday.

Gerald Johnson, 54, Republic, Mo., told police Wednesday evening he discovered damage to and theft from a shed on property he owns at 668 East 14th.

Johnson reported damage to the northwest corner of the building and that the sliding doors on the structure had been torn from their tracks at the bottom, allowing entrance to the shed. Missing were a riding lawn mower, a chain saw and a table saw.

Donnie Paul Kabler, South Highway 65, reported the theft of his wallet, containing \$54 in cash and important papers. He said the wallet was apparently taken while he was instructing a diving class at Liberty Park Pool Tuesday night.

Dick Dupree, truck sales manager, for Bill Greer Motors, Inc., 1700 West Broadway, reported the theft of four "mag-type" hubcaps and a factory-installed eight-track tape player, collectively valued at \$200, from vehicles parked on the company's lot.

The report indicated the hubcaps were taken from a new Ford pick-up truck sometime between May 6 and May 11 and the tape player was taken from a 1968 Oldsmobile the night of May 29.

Teacher Is Recognized

Knob Noster — Knob Noster Association of Teachers held its annual faculty luncheon at Whiteman Elementary School Friday where special recognition was given to Mrs. Robert Tyler who is retiring after 36 years of teaching.

Mrs. Price, principal of Knob Noster elementary school, presented Mrs. Tyler with an engraved plaque and the teacher's association presented her with a dozen red roses during the last week of school.

Mrs. Tyler graduated from Knob Noster High School and received her bachelor of science degree in education from Central Missouri State College in Warrensburg.

She taught 11 years before coming to Knob Noster in 1947 when she began her 25 years of teaching here.

Mrs. Tyler, a member of the Christian Church, also teaches a Sunday School class.

Does Own Cleaning Despite Handicap

By POLLY CRAMER

DEAR POLLY — To help her clean under low appliances Hollie only has to draw a nylon stocking over a yardstick. — JESSIE

DEAR POLLY — I am aged, have had a stroke and cannot walk but I can clean any room without moving things. Perhaps Hollie would find cleaning under low places easier if she would buy a brush such as I use. It is 32 inches long with a section of bristles one-inch-wide and 7 inches long and has a long metal handle. This looks like a wide bottle brush but is, of course, much wider. Mine cleans windowsills, mop boards behind furniture, underneath any furniture, underneath the range and refrigerator and any place that any type broom will not reach. You will be surprised at what comes out that has been hidden for a long, long time. — DIXIE

DEAR GIRLS — I hope Dixie's letter inspires you as it has me. Such spirit as she does have. In her condition, I am sure many of us would give up and let those things stay where they have been for so long. — POLLY

Parkhurst Operation Explained

Sam Boyle, public relations manager for Parkhurst Manufacturing Co., described the history and present manufacturing situation of the firm to Lions Club members at their meeting Wednesday noon at the Bothwell Hotel.

Boyle said the firm's president, William R. Parkhurst, started the business 26 years ago in a rented garage where he built a farm truck bed. He now heads an organization having three manufacturing plants, a research center and a new warehousing building for steel and steel fabrication.

Parkhurst, Boyle explained, is assisted by two sons, Richard Parkhurst, who is executive vice-president, and David Parkhurst, who is vice-president in charge of sales.

The firm presently has 380,000 square feet of manufacturing space and currently manufactures truck beds, van bodies, fertilizer spreaders and mud cats. The company employs over 200 people.

Lions Club President John Kenney presided over the meeting and Ira Mounts introduced the program. Walter Savio, new Missouri Public Service Co. manager, was the guest of William Hiatt Jr.

Teen-Agers Can Recycle Jeans

By AP Newsfeatures
Everyone's recycling glass bottles, aluminum cans, cardboard boxes and newsprint these days to fight pollution and prevent waste. But did you ever think of "recycling" your jeans?

Although many jeans lovers actually prefer them after a year or so of washing and wearing rather than when they're new, they do eventually reach an "unwearable" state.

Belts, for example, have come a long way. As fashion accessories, they have been liberated from their mundane position behind the slacks loops to free and easy spots outside sweaters, and mid-length dresses.

To fashion a belt from your tired old jeans, just cut off one of the legs and, leaving the fabric doubled, cut in half lengthwise. Then with the right sides together, stitch a seam down the open side, and turn right side out. Trim the belt down according to your waist size, and sew up the ends. Get hold of a buckle and attach it. With an icepick, punch holes into the end of the belt opposite the buckle. Be sure to stitch around the holes so that they don't fray or run into one another. For eye-catching detail, use brightly-colored thread around the loops. Or embroider the whole length of the belt with cheery colored thread.

Recycle Jeans

Ecology-minded teen-agers can put their worn-out jeans to good use. Shown here are jeans that have been turned into a choker necklace, snap-on watch band and bag for carrying everything from loose nickels and dimes to picnic lunches. (AP)

Extra big totes have become everyone's bag, and now you can make your own. For an off-beat look, start by trimming the legs off your old jeans up to hot pants length. Then, with the

right sides together, hem the bottom, and turn right side out. Strips of jeans fabric, suade, or rawhide cut to any size make the straps. Attach with rivets or eyelets, which you purchase

at any fabric shop or department store notions counter. To open and close your tote, use the "built-in" method: sew up the top (waist band), and use the front zipper as the opening. Or sew on your own zipper—at the top of the tote. Or how about applying heavy snaps at a few spots along the top? Decorate your tote with flower and butterfly appliques, your own felt cut-outs, or embroider it.

Watch bands are getting wider and wilder all the time. And they've become an important fashion accessory! The waist band from your old jeans is just the right width for a watch band. Cut a piece of it down to the size of your wrist, attach your watch, and sew on a snap to open and close. You can probably make about five watch bands from one waist band. You can dye each one a different color.

Jeans jewelry is lots of fun. Make a thin ring out of one belt loop. Staple or stitch two together for a wide ring. Decorate with fancy stitching or a couple of studs.

Use the heavy side seams of your jeans or strips of denim from the legs to make chokers. You can create quite a number of these from just one leg. Dye them each another color, and decorate differently—with studs, appliques, embroidery, small brooches. Sew on snaps or hooks and eyes to open and close.

Seniors Graduate

(Democrat-Capital Service)

KNOB NOSTER — A total of 104 graduates received their diplomas from the Knob Noster Senior High School at the 81st annual commencement exercises Tuesday evening in the school auditorium. Dr. Arthur L. Mallory, commission of education, Jefferson City, gave the address.

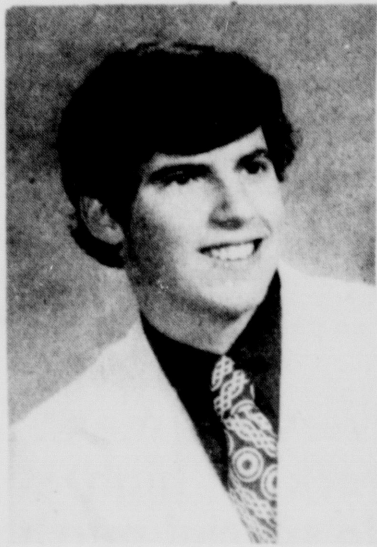

The invocation was by the Rev. Marvin E. Platt of the Christian Church.

Dr. Mallory said in part, "We are living in a world in which you must have good preparation for your job. You must possess that which can be enduring — be useful, have compassion for people, love for our country and learn to worship God."

Outstanding Boy and Girl

Keith Hawkins, son of Mr. and Mrs. Jack Hawkins, West Walnut Hills, and Kathy Garner, daughter of Mr. and Mrs. William H. Garner, 2232 First Street Terrace, were named outstanding senior boy and girl by S Club at Smith-Cotton High School. Hawkins also received the Jennie Jaynes Foundation Award of \$500 for most outstanding senior boy and Kathy received the Daughters of American Revolution Award.

Student Reports

Missouri Valley College, Marshall, observed its 83rd annual commencement recently and graduates from Sedalia include Larry C. Hieronymus, who received the Bachelor of Science degree cum laude, with major work in physical education; and William R. Long, who also received the Bachelor of Science degree, with major work in music and drama.

Larry is the son of Mr. and Mrs. Charles L. Hieronymus, Route 5, and William's parents are Mr. and Mrs. Robert F. Long, 220 East 12th.

Two students from Pettis County will receive degrees at Southwest Missouri State College graduation exercises on Saturday.

They are Tracy Allen Strombom, Sedalia, who will receive a Bachelor of Arts degree and Ellen G. Quigg, Sedalia, who will receive a Bachelor of Fine Arts degree.

Graduation exercises will be held at 7:30 p.m. in Briggs Stadium, with degrees going to some 800 graduating seniors.

Veronica Trotter, 1718 West Fourth, was one of 21 sophomore girls initiated into Alpha Phi Delta at Central Missouri State University.

To be eligible for membership, a sophomore girl must have earned at least a 3.25 cumulative grade point average on a 4.0 scale and have exhibited qualities of leadership and character.

Rosemary Kay Mumbower, of Sedalia, received her Bachelor of Science degree in education (with honors) at graduation ceremonies held recently at Northwest Missouri State College, Maryville.

STOVER — At commencement exercises held recently at the Stover High School, superintendent Merrell Taylor, presented the following students with scholarships and awards.

They are, Lanny Geary, curator's scholarship; Barbara Schnirch, Jeanette Hagedorn, Gail Capps, curator's academic promise award; Marcia Ann Witte, Miss Capps, Geary, Miss Hagedorn, regent scholarships to Central Missouri State University.

Caballeros To Present Western Youth Show

(Democrat-Capital Service)

CALIFORNIA — The California Caballeros Western Youth Show will be Sunday at Caballero Park, north of California. Activity begins in the arena at 1:30 p.m. with the Saddle Club's parade of colors. The youth show is sponsored by the California Caballeros Jr. Saddle Club for all horsemen 18 years and under.

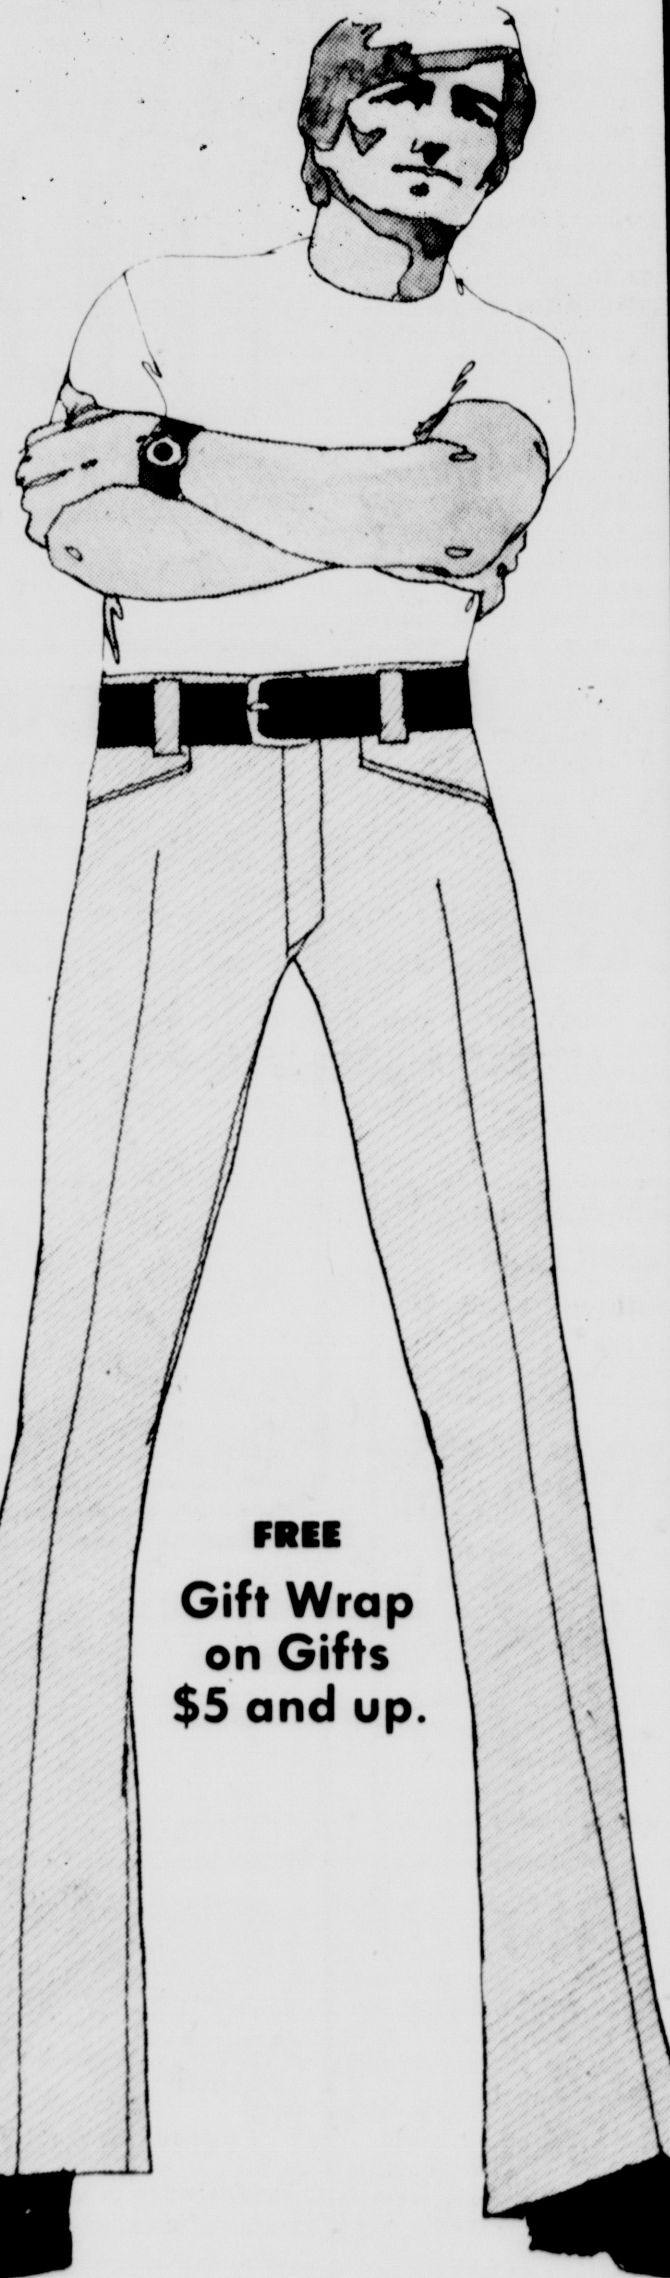

There will be a total of 22 classes, including pleasure, horsemanship, halter, racing and fun events. Western horsemanship and pleasure classes are divided into four age groups, and a special children's class will be offered for eight year olds and under. Each child will receive a ribbon in this class. A highlight of the show is "The Generation Gap," a class for riders over 19 years of age.

Two high point trophies will be awarded to high point riders, 12 years and under, and 13 through 18 years. A total of \$500 in trophies and ribbons will be awarded. Contributions for trophies and ribbons were donated by the local merchants and individuals.

Gayle Grazier, president of the Caballeros, said, "The Caballeros Youth Shows provide many of the best education experiences offered for our young Missouri riders today, by giving them the opportunity to show and compete in the arena with contestants of their own age group."

Proceeds of this show will go towards the encouragement, guidance and enthusiastic direction of youth horsemanship.

WORLD ALMANAC
FACTS

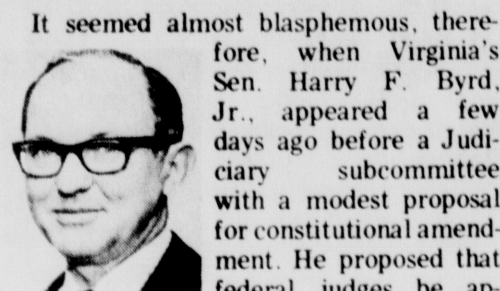

Flag Day commemorates adoption by the Continental Congress of a resolution making the Stars and Stripes the U.S. flag in 1777. The first nationally observed Flag Day was on the 100th anniversary when the government requested that the flag be flown from public buildings to commemorate its adoption. The World Almanac says.

A Way To Rein Federal Judges

By JAMES J. KILPATRICK

WASHINGTON — If there is one caluse in the U.S. Constitution that is singularly untouchable, it is the clause in Article III which said that federal judges "shall hold their offices during good behavior." This is the life tenure provision. Traditionally it has been given the reverence accorded a sacred cow.

Kilpatrick

It seemed almost blasphemous, therefore, when Virginia's Sen. Harry F. Byrd, Jr., appeared a few days ago before a Judiciary subcommittee with a modest proposal for constitutional amendment. He proposed that federal judges be appointed henceforth for terms of eight years only, subject to reconfirmation by the Senate.

Well! A couple of agitated law professors followed the senator to the stand, protesting, objecting, and charging that the Virginian was trying to undermine the very pillars of judicial independence. You might

have supposed that Byrd had proposed to abolish the writ of habeas corpus.

Yet Byrd is on the right track. His resolution merits serious consideration by those persons who give thought to the very essence of government. That essence is power.

The senator's premises are sound. He argues that for a variety of reasons, federal judges have assumed great power in our public life; that our fundamental law now provides no effective restraint against the abuse of that power; and that a system which fails to provide such restraint is defective and should be repaired.

Byrd also argues persuasively that in a democratic republic, it simply is wrong in principle for any official to hold his office for life. Moreover, he asks, if life tenure for judges is so wonderful, why have 47 of the 50 states rejected life tenure in setting up courts of their own?

Few persons would challenge Byrd's observation on the steady growth in the power of our federal judges. The process began in the days of John Marshall — Thomas Jefferson bitterly denounced the

high court for its "insidious mining and sapping of the Constitution" — and it continues to this day with accelerating speed. In the hands of our judges, the Fourteenth Amendment has become a whole new Constitution in itself; by disdaining the intention of its framers, today's appellate judges give the Fourteenth whatever meaning they please. Our judges have become our unaccountable masters; and they serve for life.

No such prospect was foreseen when the Republic was formed. Hamilton supposed that the judiciary always would be the weakest of the three branches. The doctrine of "separation of powers" was universally admired. How could this weak and impotent branch be protected from possible invasion by the executive and legislative branches? Life tenure was an answer. And the few prophets who foresaw the dangers of judicial usurpation — Patrick Henry was their ablest spokesman — were put down as the paranoids of their time.

Henry was right; and Jefferson also was right in denouncing the device of

impeachment as a scarecrow. Except through the tedious, costly, and often ineffective avenues of appeal, our lower federal judges are immune even to rebuke. Such a judge may be incompetent or tyrannical; in the constitutional sense, this is not "ungood" behavior. At the level of the Supreme Court, justices are subject to no built-in restraints whatever.

Byrd's plan is not radical. Except for Massachusetts, Rhode Island and New Hampshire, every state in the Union adheres to a system of fixed terms subject to reconfirmation. The concept of fixed terms for state judges has been urged by the American Judicature Society since its founding in 1913. The plan won endorsement from the American Bar Association in 1937. The system has worked admirably: It has added to the desirable principle of judicial independence the equally desirable principle of public accountability. This is what Byrd has in mind for federal judges of the future. His idea merits respect, and it deserves far more attention than it has received so far.

The Last Bomb Is Dropped

WASHINGTON — It was hard to believe, but in October, 1972, the United States ran out of bombs.

Secretary of Defense Melvin Laird broke the bad news to President Nixon. "I'm sorry, Mr. President, but we have no bombs left to drop on Vietnam. We're completely out."

Buchwald

"But that's impossible," the President said. "I was assured we had enough bombs stockpiled for five years."

"Under ordinary conditions we would have, but we've been dropping them at such an accelerated rate that we ran out last Friday. There's isn't one bomb left in the United States or at any of its overseas bases."

"Can't we borrow some bombs from our allies?"

"We've already borrowed every bomb we could from Britain, France, Belgium, West Germany, Spain and Greece. We owe them 2.42 billion bombs, and they say they aren't going to lend us any more until we pay the interest on the ones we have already. At 6 per cent that comes to an awful lot of bombs."

"But, Melvin, we've got to have bombs or our strategy of bringing Hanoi to her knees will fail. Surely a great industrial giant like the United States can rise to the challenge."

"We've tried, sir, but production just can't keep up with demand. Every time a bomb comes off the assembly line, it's immediately attached to a bomb rack and dropped on Vietnam. To make matters worse, the Air Force, Navy and Marines are fighting over every bomb that is made. They had a dogfight over the Lockheed plant in San Diego the other morning and the Navy shot down an Air Force B-52 because it claimed the Air Force has stolen their bomb."

"This is serious, Melvin. If we slow down the bombing, the North Vietnamese will interpret it as a sign of weakness. Have you checked any of the underdeveloped countries? Surely they must have some we can buy."

"We've looked into it, Mr. President, but the underdeveloped countries are refusing to sell their bombs. They've decided bombs are more valuable than gold, and because of the shortage they are now using them as currency. The latest rate of exchange is 100 trucks for one bomb."

"How did we get into such a position?" the President asked in an exasperated voice.

"I guess it was our fault, Mr. President. When we said we would bomb only military targets in Vietnam we had a sufficient supply of bombs. But when you gave the order to bomb anything they wanted to, the Air Force and Navy went ape."

"Also, the South Vietnamese army didn't help much. Every time they saw a water buffalo in a rice paddy, they called for an air strike. One sniper in a tree cost us 200,000 tons of bombs. We dropped more bombs on Highway One last week than we dropped in all of World War II."

"I'm going to issue an executive order declaring that every dairy in the United States must start manufacturing bombs."

"Every dairy?" the secretary of defense said.

"That's correct. It's obvious my butter-and-bomb policy isn't working. So until we have enough bombs to halt Communist aggression, no one in this country gets any butter."

"That's a drastic measure in an election year, Mr. President."

"It has to be done, Melvin. I'm not going to be the first President of the United States to go down in history as the one who ran out of bombs."

Arms Treaty Makes A Vital Beginning

The nuclear arms agreement President Nixon signed in Russia is not an end to the arms race, but it is a beginning.

Cries of a "sellout" to the contrary, what the President did in Moscow was to take the first, small step toward setting a limit on the numbers of nuclear weapons allowed the U.S. and the Soviet Union. After more than a quarter of a century of arms competition between the two superpowers, the treaty is a diplomatic breakthrough of the greatest importance.

Critics of the agreement have pointed out that the pact gives the Soviet Union an advantage in numbers of missiles. This is true, but due to the U.S. lead in development of the multiple warhead, we will still enjoy a large lead in the numbers of deliverable payloads.

The complexities connected with weapons of nuclear war—involving such considerations as megatonage, accuracy, launching platform, and range, make absolute parity in weapons

virtually impossible to achieve. Those who seize upon the Soviet advantage in numbers of missiles as proof of another "Munich" are not telling the entire story.

Richard Nixon is no amateur when it comes to negotiating with the Russians, and protecting U.S. security. Few Americans are prepared to believe that he, or the Senate which must ratify part of the treaty, will gamble with the survivability of the nation.

Of course in this area, interest—and no doubt some disappointment—has focused on the ABM treaty, which spells the end of plans for a Safeguard complex in Pettis County. The \$211 million that would have been spent on Safeguard in this area is no longer budgeted by the Department of Defense.

But over the long run it will all be worth it if brakes can be put on the financially ruinous arms race. It is a start toward that hoped for day when the fear of nuclear war can be lifted from all mankind.

"HERE'S EVERYTHING YOU ASKED FOR, SIR—AND I HOPE YOU'RE THE LAST ONE."

Tax Money Pays Political Cronies

By JACK ANDERSON

WASHINGTON — Rep. Thomas E. Morgan, D-Pa., the esteemed House Foreign Relations chairman and a power in the backrooms of Washington, has two Pennsylvania state employees on his House payroll to do political chores for him.

Even as he skillfully steers foreign aid to nations abroad, Morgan directs other U.S. Treasury checks to two political errand boys at home, John "Jake" Morgan and Thomas H. Boyd. Both men also draw full-time salaries from the state of Pennsylvania.

In other words, the taxpayers are helping to pay Morgan's campaign costs which his opponents must do without federal aid.

The 50-year-old "Jake" Morgan, no relation to the congressman, draws \$6,717 from the U.S. Treasury and another \$9,454 from Pennsylvania.

He is listed as a "clerk" for the House of Representatives and construction inspector for the Pennsylvania General State Authority. We reached him at a construction site and questioned him about his "clerical" duties.

"I'm tired of all you g—d— newspapers bothering people!" he roared. "Why don't you get a real job instead of sitting around on your —!" Then he slammed down the telephone.

Morgan's other political aide, 66-year-old Thomas Boyd, collects \$9,500 a year from Pennsylvania as a field auditor and only \$2,860 from the House of Representatives.

"Sometimes," he acknowledged, "we have his office all filled up with political clientele and patients and people wanting help when he gets in on the weekend."

Morgan also talked amiably to my associate, Les Whitten, about his two political henchmen.

"They're part of the political organization," Morgan explained.

"Certainly they take part in political activities, but they have their field work — Veterans Administration, Social Security, black lung, and so on. I couldn't see how there would be any conflicts of interest."

From time to time, we have reported on the fate of Truong Dinh Dzu, who was sentenced to five years of hard labor in South Vietnam after giving President Thieu a scare in the 1967 elections.

Dzu called for establishing a coalition government and negotiating an end to the war. He came in a strong second in the presidential election.

Alarmed, President Thieu sent Dzu to jail in 1968 on trumped-up charges. This would be equivalent to imprisoning Hubert Humphrey after he lost to Richard Nixon in 1968.

Last year, we reported that Dzu had been refused medical treatment in prison for a heart ailment. The U.S. mission made inquiries and was permitted to visit him.

As a result, the Saigon government sent Dzu to a hospital for a complete medical examination and notified the U.S. mission that Dzu would be released a year early.

This report was passed on to the White House which informed inquirers "that Mr. Dzu recently received a one-year reduction in sentence and is to be released on May 1, 1972."

May 1 has now come and gone. But Truong Dinh Dzu is still in prison.

Who's Kidding — Adm. Isaac Kidd, the gung-ho new Navy material commander, has distributed among his subordinates 2,500 picture cubes with his picture on three sides. For awhile, he also plastered the walls with enormous red posters featuring his heroic countenance and the legend: "What have you done for the fleet today?" For sailor at sea beyond sight of his posters, the admiral dispatched cassette

tapes bearing patriotic messages in the master's own voice. All this self-promotion, of course, was financed by the taxpayers.

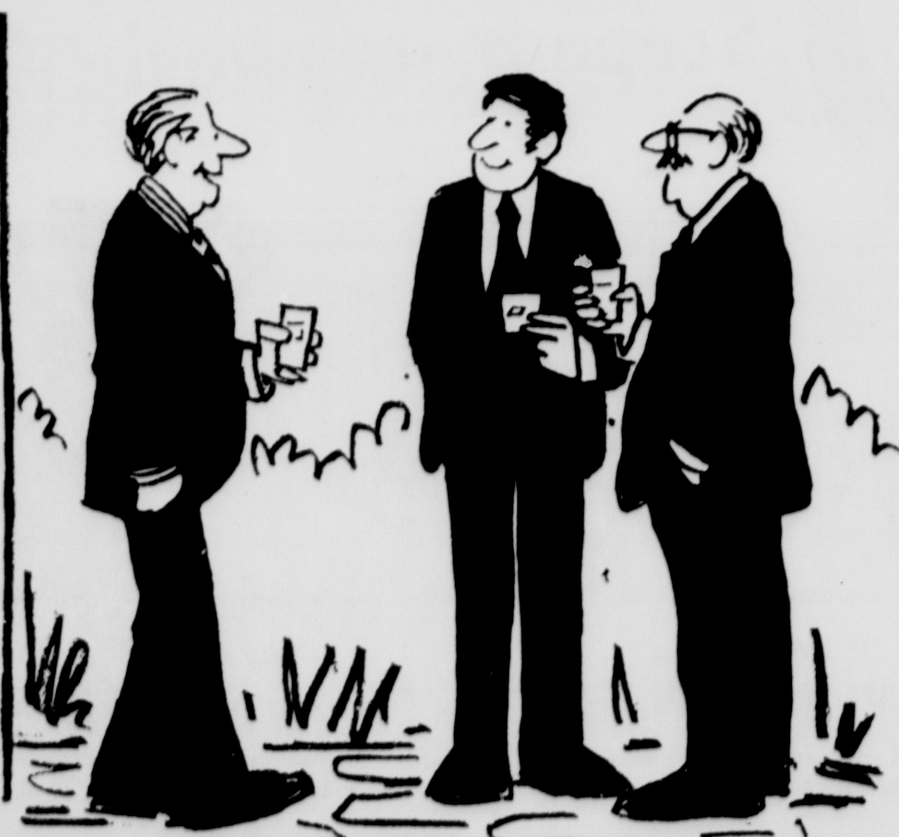

Kleindienst's Law Firm — Four years ago, the Phoenix law firm of Shimmel, Hill, Kleindienst and Bishop had no Washington office. But that was before Richard Kleindienst left the firm to become deputy attorney general. Suddenly, the firm was in great demand in Washington. It now has a full-time staff of five attorneys to handle its flourishing practice in the capital.

Gas Increases — We have written how Federal Power Commission Chairman John Nassikas, the natural gas lobby's best friend in Washington, has pushed through gas rate increases on grounds that this will encourage exploration for more gas. Yet, the Interior Department's Bureau of Land Management, in a draft environmental statement, seems to side with the housewives of America against the pronouncements of Nassikas and his industry cronies. "There yet is no positive indication," says the Interior Department office, "that such price increases have resulted in additional exploration and production."

Secret Publicity — Congress passed a law in 1913 which states: "No money appropriated by an Act shall be used for the compensations of any publicity expert unless specifically appropriated for that purpose." Yet even some of the government press agents, who are trying to sell the public on law and order, apparently are violating this law. The FBI, for example, has a staff of special agents who answer press questions. They have speech writers and copywriters and scriptwriters. They help prepare the FBI television series, and they conduct public tours. Yet the FBI solemnly denies that it employs any publicity men.

Alleged Mafia Head Is Called To Stand

WASHINGTON (AP) — Carlos Marcello, reputed kingpin of the New Orleans rackets and a man one national magazine said dominated state government in Louisiana, appears today before a congressional committee probing alleged Mafia infiltration into professional sports.

The appearance by the 62-year-old underworld figure is only the latest in a series of conflicts he has had with the federal government. He was deported to Guatemala in 1961 but somehow made his way back to New Orleans. The government currently is trying again to deport him.

Life Magazine wrote in 1970 that he dominated and controlled local and state government in Louisiana. That charge was followed by a nine-month investigation by the Louisiana legislature.

Marcello's appearance follows testimony Wednesday that

linked him to a restaurant frequented by Louisiana politicians with a developer who has a business partnership with the New Orleans Saints owner.

Aaron M. Kohn, head of the New Orleans Crime Commission—a citizen-sponsored group—told the House Select Committee on Crime that Saints' owner John Mecom was involved in a business deal with a convicted gambler and with a developer with ties to Marcello. He identified the developer as Gerald E. Sonner, who Kohn said "has a considerable record of forming business partnerships with individuals who are also partners of Carlos Marcello or other major members of the Marcello structure."

Kohn said Mecom, Sonner and Sam Lee Presley Jr., who was convicted Sept. 9, 1971 in Biloxi, Miss., of conspiracy and of using an interstate facility to promote a gambling enterprise, were partners in Hidden Lake

Corp., and in New Orleans Properties, Inc.

Mecom could not be contacted immediately. But Saints executive vice president Dick Gordon said in New Orleans that Mecom had told him the "whole thing comes as a great surprise and shock."

Gordon said Mecom would "have a statement at a later date."

The director of the crime commission also said Mecom is a close friend of James and Anthony Moran, owners of La Louisiana Restaurant in the French Quarter of New Orleans. The restaurant is popular with sports figures and politicians, Kohn said.

He said the Moran brothers, sons of the late professional boxer and Huey P. Long, bodyguard Diamond Jim Moran, had "close social and sometimes financial associations" with the Marcello family.

Kohn also said that James

Moran was a business partner of Johnny Robinson, all-pro safety for the Kansas City Chiefs. Moran and Robinson purchased the Mirror Lake Town Club in Kansas City and named it Johnny Robinson's Swim and Tennis Club, he said.

The property, Kohn said, was purchased from Edward P. Osadchey, alias Eddie Spitz, described by the Kansas City Crime Commission as part of the Kansas City organized-crime structure, he said.

Bob Vanatta Takes Job at Delta St.

CLEVELAND, Miss. (AP) — Bob Vanatta, 53, has been named head basketball coach at Delta State College.

The Missouri native and general manager of the American Basketball Association's Memphis Pros, has coached at Central Methodist College, South-West Missouri State, Army, Bradley, Memphis State and the University of Missouri, winning 75 per cent of his games over 22 years.

Colts Sign Mildren

BALTIMORE (AP) — Jack Mildren, a college quarterback headed for a pro career as a defensive safety, has been signed by the Baltimore Colts of the National Football League. Mildren was second round draft choice of the Colts after he directed Oklahoma to an 11-1 record last season.

Fitzsimmons Lured By Hawks

ATLANTA, Ga. (AP) — Lowell "Cotton" Fitzsimmons, who had a 97-67 record during his two-year stint as coach of the Phoenix Suns, has signed a multiyear contract with the Atlanta Hawks.

Terms of the contract for Fitzsimmons, who is the shortest coach in the National Basketball Association at 5-foot-8, were not disclosed but it is believed he received a modest increase in the \$30,000 he was earning at Phoenix.

The 40-year-old white-haired Fitzsimmons was named Wednesday as coach of the Hawks, succeeding Richie Guerin, who became general manager of the club a month ago.

"Atlanta represents a great challenge," he said. "The Hawks are young and very good potentially. I see them as an up and coming team."

Fitzsimmons coached at Kansas State, where his club won the Big Eight title in 1970, for

two seasons prior to taking over the Phoenix club. Before the Kansas State post, he coached for nine years at Moberly, Mo., Junior College. His college coaching record was 258-78.

Fitzsimmons had two years remaining on his contract with the Suns but Jerry Colangelo, general manager of the Phoenix team, announced he would release Fitzsimmons from his contract so he could sign with the Hawks.

Franzone Runs Down Alou

Chicago Cubs' third baseman Carmen Franzone catches St. Louis Cardinals' Matty Alou and tags him out in a rundown between third and home during the sixth inning

of Wednesday's game in Chicago. On the strength of Bob Gibson's pitching, the Cards won the game, 1-0. (UPI)

Gibson Silences Cubs

Soderholm Blast Trips Royals

By THE ASSOCIATED PRESS

The Kansas City Royals yielded to a home run Wednesday night. Bob Gibson tossed a three-hitter for the St. Louis Cardinals.

The Royals bowed to the Minnesota Twins 3-2, dropping their fifth straight game, this one on Eric Soderholm's three-run home run. Gibson beat the Chicago Cubs 1-0, running his record to 2-5.

Soderholm's blow came in the sixth inning off Jim Rooker, 2-2, after singles by Rod Carew and Harmon Killebrew. It wiped out a 2-0 Royals lead.

Kansas City scored in the first and second innings. Ed Kirkpatrick drove in the first run. Amos Otis, who had three hits and stole two bases, singled, stole second and raced home on Rooker's single.

Lou Brock's single scored Dal Maxvill from second base in the

fifth inning for the run that gave Gibson all he needed. Matty Alou got three of the Cardinals' eight hits off Ferguson Jenkins. Alou got a single, double and triple. His triple led off the sixth inning but Alou was thrown out when he broke away from third base on Ted Simmons' grounder to the mound.

Both the Royals and the Cardinals had afternoon games scheduled today. The Royals' Dick Drago, 2-4, was to oppose Jim Kaat, 6-1, at Minnesota. St. Louis planned to pitch Rick Wise, 4-4, against Bill Hands, 3-1, at Chicago.

Takin' It Easy

Ron Stander, the heavyweight boxer who lost to champion Joe Frazier in Omaha Friday, prepares to take his daughter Angela, 3, and wife Darlene (on rear of bike), for a ride on a mini-bike in front of their home in Council Bluffs, Iowa, Wednesday. Stander recently bought the bike for his son. Stander said, "I'll fight any living human being and most animals as long as the money's there." (UPI)

Faurot Bids Farewell to MU

COLUMBIA, Mo. (AP) — Don Faurot bid farewell today to the University of Missouri.

Faurot, who came here as a student, returned as football coach to guide the Tigers to Gridiron brilliance and served as athletic director, ended a 37-year association with the university. He is 69.

More recently, Faurot had been associated with the school's alumni office.

The honors bestowed on Faurot were many. He was named the fourth member of the Missouri Sports Hall of Fame in 1953 and selected to the Missouri Squires in 1961.

Faurot's 1939 football team, led by the late Paul Christman, went to the Orange Bowl after winning the Big Seven Conference championship.

He introduced Missouri to the Split-T, a formation that shot

the Tigers into football prominence and kept them there in the early 1940s. He wrote a book about that formation.

Even before he became coach, Faurot was known to Missouri football. He was one of four Faurot brothers who earned a letter as a member of the Tiger squad. He also lettered in baseball and was captain of the Missouri basketball squad.

"The university has been good to me," Faurot said. "I owe them a great debt for so many pleasant years of working."

Faurot said he was retiring "to have time to hunt, fish and play golf and to travel with my wife, Mary." He will continue as secretary-treasurer of the Missouri Golf Association.

Faurot first came to the university as a student in 1920. He returned in 1935 after coaching Kirksville State Teachers College to 63 victories, 13 losses and three ties in football.

Faurot's arrival at Missouri as a coach found the school's athletic department heavily in debt.

"We paid the debt by scheduling good football teams," Faurot said.

Today, the Missouri athletic department is self-supporting and makes money on football.

Faurot, born in Mountain Grove, Mo., attended high school at Mountain Grove, St. Joseph and Columbia.

Today was Faurot's second retirement. He stepped down five years ago as Missouri's athletic director.

First Week Of SF Camp Opens Monday

Boys between the ages of 11 through 15, who plan to attend the State Fair Community College Basketball Camp next week, should be at the Agriculture Building on the Missouri State Fairgrounds by 9 a.m. Monday.

Assignments to either the morning or the afternoon classes will be made at that time by director Bill Barton.

Willie Jenkins and David Porter of the Smith-Cotton High School basketball coaching staff, along with Dean Ringen, Stover High School coach, and Cole Camp High School coach, will join Barton as the coaches for the clinic the first week.

The camp will run for two weeks, June 5-9 and June 12-16. Cost of the camp is \$15 for one week or \$25 for both weeks.

The camp has been approved by the Missouri State High School Activities Association.

Pepitone To Return To Chicago Lineup

CHICAGO (AP) — Joe Pepitone's retirement has ended abruptly, and the colorful first baseman will be back with the Chicago Cubs early next month.

Pepitone's decision to return to baseball, announced Wednesday, came as quickly as his decision to leave the game.

Pepitone visited the Cubs' locker room at Wrigley Field last Saturday and bumped into coach Pete Reiser, who asked: "You're going to come back, aren't you?"

Pepitone answered, "Yes, I will."

"I really hadn't given it a thought until I bumped into Pete in the Cubs' clubhouse," Pepitone later commented. "When he asked me, it was just something that came out."

Cub Vice President John Holland called Pepitone Wednesday and asked if he was serious about returning, because the club was looking for another first baseman, reportedly Atlanta's Orlando Cepeda or

Philadelphia's Deron Johnson. "Pepi told me, 'I've already thought it over, and I want to play as soon as possible,'" Holland said.

As soon as possible means July 2, because league rules require a 60-day interim before a player can return to the active list once he has announced his voluntary retirement. Pepitone announced his retirement May 2.

Pepitone will begin working out informally with the team this Sunday in Los Angeles.

'Well, It Was Like This . . .'

That's no fish story Hank Aaron's telling; just a few more inches to the left, and that 648th home run he hit against San Diego Wednesday night would have gone foul, and he would

have had to go and do it all over again. As it is, that homer ties the Atlanta Slugger with Willie Mays of the New York Mets for second place on the all-time home run list. (UPI)

Nearing the 'Babe'

Aaron Ties Mays at 648

Hammerin' Hank Aaron of the Atlanta Braves has tied the flamboyant Willie Mays for second place on the all-time home run list at 648, but says, "The biggest one is still ahead."

The soft-spoken slugger caught Mays Wednesday night in the first inning of Atlanta's 5-4 victory over San Diego when he belted a 3-2 pitch from left-hander Fred Norman into the left field seats along the foul line.

It was his ninth homer this year and left him only 66 away from one of baseball's most re-

vered records—Babe Ruth's 714 lifetime homers.

When Aaron cracked his 600th against San Francisco last year to cut Mays' lead to 33, the Atlanta star quipped, "It's kind of tough to catch a moving target."

"I've got to catch my own targets now," Aaron said Wednesday night. "I just haven't been hitting the ball well at all this year."

Aaron attempted to play down the significance of catching Mays, one of the game's all-time greats who at age 41 is in the twilight of a career that

saw him traded from the San Francisco Giants to the New York Mets early this season.

"I've never had a rivalry with him," Aaron said. "If there was any at all, it was just a friendly one."

"I have my job to do and Willie has his," Aaron added. "Anyway, I put myself in a different category. He's 41 and I'm 38 and that makes a difference, no matter what you might think."

The blast Wednesday night also enabled Aaron to reach another major milestone in his 19-year career as he became only the second player to attain 6,000 total bases. It moved him to 6,001, trailing record-holder Stan Musial, who has 6,134.

Twilight League To Begin Today

The Walnut Hills Country Club Men's Twilight League begins tonight at the club on West 16th Street. The nine-hole competition will begin at 5 p.m.

The winners will be determined by subtracting one-half of the players' handicaps and a blind draw for partners.

Competition in the "horse race" is scheduled to begin at 6:30 p.m. Nine players have already signed up; one more will be allowed in the nine-hole competition.

In that division, one of the ten players is eliminated on each hole. Ties are determined by a "chip-on" contest after the completion of the individual holes.

Thirty dollars in merchandise will be awarded to the winner; the runner-up will receive \$20 worth of merchandise.

Pepsi-Cola, TNB Marks at 2-0

Third National Bank and Pepsi-Cola are making a shambles of S-M Sporting Goods reign as the defending champions of the Sedalia Senior Babe Ruth League.

For the second night in a row, Third National and Pepsi

posted wins over their respective foes, S-M and VFW, in league action.

The victories set up a confrontation between the two leaders in Monday night's second game at 8:15 p.m. Both are 2-0, but that will be settled

the next time they step onto the field.

At the other end of the standings, are S-M, the 1971 Senior Babe Ruth League champions, and VFW; both have yet to see a victory in the current campaign.

The combined pitching of Eddie Pickens and Bob Wilcox, along with the bat of Pete Kostopolus, vaulted Pepsi-Cola to their second win in as many nights Wednesday at Liberty Park Stadium as they whipped VFW, 9-2.

Pickens, Lincoln, held VFW hitless during his four-plus inning stint, he was replaced by Wilcox in the fifth inning, who was touched for only one hit and was credited with the win.

Likewise, Third National Bank got two-hit pitching from Mike Arnold as they sailed past S-M, 7-3.

Kostopolus, who the night before saw his twin brother Paul pick up the first victory of the season for Pepsi-Cola, drove in a pair of runs on a two-for-three performance at the plate. In addition, he added another of Pepsi's nine tallies.

Wilcox yielded the only hit in the game picked up by VFW;

that was a single in the sixth inning by Ron Ehlers. Ehlers was on base twice, and during that time was able to steal four bases off Pepsi-Cola catcher Noel Heppard.

Willie Reed was saddled with the loss; his second in as many days.

In the Wednesday night opener, Mike Arnold struck out 10 and walked five on his way to Third National's second win of the season. Tony Steele was the loser.

Shortstop Derrick Crank supplied the offensive strength, picking up three hits on as many trips to the plate. Two of those for the speedy infielder were doubles. He also drove in three of the seven Third National runs.

S-M, Third National Win in Junior BR

S-M Sporting Goods and VFW posted victories in Wednesday night action in the Sedalia Junior Babe Ruth League in Centennial Park.

Greg Bechtel was the winning pitcher for S-M in the opener, as they edged ADCO, 10-9. Tony Lock smacked a home run in the opening innings against starter Randy Mitchell. Lock later homered off eventual loser Bill Wilson. Marvin Spurell hit the only home run of the night for ADCO.

Third National Bank chased in 15 runs and staked winning pitcher John Drenon to a substantial lead. Steve Moore was the loser in the 15-5 rout.

By Oswald & James Jacoby

MacDuff, the best player in Scotland, was watching both the South and East hands. He nodded happily when Prince Donalbane jumped to six hearts but shook his head violently when Donalbane ruffed the second spade with the three of trumps.

"Ye may be king of Scotland some day but ye'll never be a bridge player. I guess it's the Scotch blood that wouldn't let ye play the nine."

We'll leave you to work out why that three-spot play doomed the slam to defeat. It's tough enough to bring it in after the correct play of the nine. A trump coup is required.

South leads the deuce of clubs to dummy's nine; plays the eight of hearts and lets it ride. He continues with the six to his 10 and overtakes the king of clubs with dummy's ace.

Then he leads a third club and proceeds to ruff it. This brings him down to the same number of trumps as East.

Now he cashes one of his high diamonds; leads a second diamond to dummy's king and starts on clubs once more.

East can trump whenever he feels like it but South will overtrump and make the slam.

So as to stop a lot of mail we must report that if the three witches had been advising West they would have told him to lead anything but a spade at trick two and beat the hand against any line of play.

The bidding has been:

West	North	East	South
1 ♠	2 ♣	Pass	1 ♥
Pass	2 ♦	Pass	?

You, South, hold:

♠ K J 5 4 ♥ K 8 7 6 ♦ 5 4 ♣ Q 10 7

What do you do now?

A—We slightly favor a pass, but might try two no-trump with a very conservative partner.

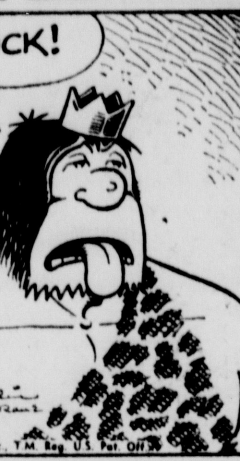

TODAY'S QUESTION

You bid two no-trump and your partner continues to three clubs. What do you do now?

Sheriff Chased By Drunk

JOPLIN, Mo. (AP) — Charles Whitlow, Jasper County deputy sheriff, said he was chased twice at speeds of 100 miles an hour while he was taking a prisoner to the Missouri prison at Jefferson City Wednesday.

The prisoner, Gary Vincent Johnson, 25, had been sentenced to 99 years for armed robbery in the holdup of the

Paddock State Line liquor store west of Joplin last fall. He also is wanted in Wyandotte County, Kan., in connection with a tavern shooting.

Whitlow said he first was chased in Lawrence County on U.S. 66 but outran the pursuer. The second chase was in Laclede County, Whitlow said, where other officers answered his radio call for help and arrested the pursuer.

The sheriff's office at Lebanon said William Turnbough, 28, of Springfield, Ark., was charged with driving while drunk. His bond was set at \$250.

Johnson's brother, Jack Johnson, 21, is serving 15 years in prison. He pleaded guilty to robbery and assault in connection with the Paddock robbery and a shooting incident. The Johnsons were charged with shooting at two officers last Oct. 12.

Officer, Youth Hit By Bullets

CLAYTON, Mo. (AP) — A St. Louis County police officer and a youth were wounded in a shooting late Wednesday night.

Policeman Gerald J. Brindell, 22, suffered four bullet wounds and Robert D. Koehler, 18, of St. Louis was struck at least once. Brindell was reported in critical condition. Koehler is in serious condition.

Police said the shooting occurred when Brindell stopped a car fleeing the scene of a hold-up at a service station. However, it was not believed that Brindell was aware of the hold-up at the time he stopped the car carrying three youths.

Brindell, for reasons not known, had asked for the assistance of another patrol car that arrived just as six shots rang out. Two of the shots struck the officer in the chest, one in the stomach and one in the leg.

Police later recovered the car Brindell had stopped and continued to search for the other two occupants.

Give Up Climb

Blair Glenn, left, 18, of San Jose, Calif., and Dave Pederson, 22, from Cupertino, Calif., are all smiles after arriving at the bottom of 3,600-foot El Capitan in Yosemite National Park after Glenn became ill some 1,800 feet

up the west face two days ago. Officials had planned to drop a rescue team from the top of the peak but canceled the attempt as the two climbers began to make their way down Wednesday morning. (UPI)

Hamra's Actions Censured

JEFFERSON CITY, Mo. (AP) — The two top men in Missouri's Democratic party have joined in censuring Sam Hamra of Springfield for switching over to the McGovern for president campaign.

Hamra, 7th Congressional District chairman, was elected recently as an uncommitted delegate to the national convention but announced Tuesday he would support Sen. George McGovern of South Dakota as a tribute to the young people in the party.

Both Gov. Warren E. Hearnes, who is Democratic national committeeman, and state Chairman Delton L. Houtchens, charged Hamra betrayed the 7th District Democrats who elected him as an uncommitted delegate.

Hearnes said it would be hard for any Democrat to carry the heavily Republican 7th District of southwestern Missouri and McGovern would have the least chance of any candidate of carrying it.

The governor said he still hopes Missouri can go to the Miami convention with at least 60 of the 73 delegates uncommitted. The final 15 delegates at large will be chosen at the state convention in Jefferson City June 10.

Graham Continues Friendship Trip

DUBLIN (AP) — Billy Graham brought his mission "to spread happiness, love and friendship from Northern Ireland to the Irish republic today."

The American evangelist told newsmen here his three-day visit to Belfast, capital of Northern Ireland, had been "wonderful" in the sense that he was now hopeful of a settlement of the differences there.

People in the News

WASHINGTON (AP) — Vice President Spiro T. Agnew has declined an invitation to join Maryland's delegation to the Republican National Convention.

Victor Gold, Agnew's press secretary, said Wednesday that the former Maryland governor will not be a member of the state's 26-member delegation.

Four years ago he went to Miami Beach at the head of the Maryland contingent and left as President Nixon's running mate.

PHOENIX, Ariz. (AP) — Cesar Chavez, the United Farm Workers leader, has been taken to a hospital, weakened by a 20-day fast.

Chavez, his face hollowed and drawn, was taken to the hospital by ambulance Wednesday. Dr. Augusto Ortiz, the physician who has attended Chavez during the fast, described his condition as serious and said he urgently needed medication.

The UFW leader began his fast after the Arizona Legislature earlier this month adopted a farm labor bill which forbids secondary strikes by farm workers at harvest time.

DUBLIN (AP) — Sinead De Valera, wife of President Eamon De Valera, celebrates her 94th birthday today.

Mrs. Valera planned a quiet day with her 89-year-old husband at the presidential palace.

The couple have been married 62 years. Mrs. Valera, who always shunned the limelight her husband loved, has written 30 books for children in the native Irish tongue.

NEW YORK (AP) — Lily Pons, reigning coloratura soprano of the Metropolitan Opera from 1931 to 1959, exhibited a remarkable voice during her first performance in New York in 12 years.

Miss Pons, now 68, sang with the New York Philharmonic

Wednesday night. She had been invited by conductor Andre Kostelanetz to appear at one of the early summer promenade concerts "just for fun."

Most women's voices, with age, lose their soft, sweet coatings and become reedy and sinewy, like a stripped-away flower stem. But Miss Pons' voice, although slender and lacking the robust, full clarity of youth, is still soft and sweet.

SAN JUAN, P.R. (AP) — Pablo Casals missed the opening of the 1972 Casals Festival of Music. He is suffering a cold.

Sedalia White Shrine No. 38, W.S.J., will have a Ceremonial on Saturday, June 3, 1972. Time: 7:30 P.M. Covered dish supper at 6:00 P.M.

Josephine Parker, W.H.P. J. W. Fuks, W.S.

Sedalia Lodge No. 236, A.F. & A.M., will meet in regular communication on Friday, June 2, at 8:00 p.m. at the Masonic Temple, Broadway and Missouri. This is the business meeting of the month and all members are urged to attend. Visiting brethren are always welcome.

Perry B. Wolkey, W.M. Howard J. Gwinn, Sec'y

The Sedalia Scottish Rite Club will hold a business meeting at the Masonic Temple, Thursday, June 1, at 7:30 p.m. All Scottish Rite Masons are urged to attend. After the business meeting we will practice the Twenty-ninth degree to be conferred June 3. All persons working in the degree please be present.

James Duzan, Pres. Bruce McCully, Sec'y.

Army Is Closing

Drug Facilities

SAIGON (AP) — The U.S. Army is closing three of its drug rehabilitation centers in Vietnam, the U.S. Command announced today.

"We just don't have enough troops left in Vietnam to justify keeping them open," a spokesman said.

The Army will continue to operate the center at Long Binh, 12 miles northeast of Saigon. A total of 64,800 American troops were reported in the country last Thursday, but this is scheduled to be reduced to 49,000 by July 1.

DID YOU KNOW?

That Democrat-Capital newspaper carriers pay for their papers each Saturday. If they do not collect from each subscriber, they must wait until they receive payment to make their full profit. If a subscriber continues to receive the Democrat or Capital beyond the last paydate, the newspaper carrier is paying for the paper and trusting the subscriber. Only by prompt payment may newspaper carriers realize their full profit each week, since each carrier pays for your paper each week—whether he collects from you or not.

Any subscriber who does not want to pay each week may pay the carrier in advance for as many weeks as the subscriber wishes.

YOUR HOMETOWN NEWS CAN FOLLOW

BEFORE YOU LEAVE ARRANGE FOR ONE OF THE SEDALIA DEMOCRAT-CAPITAL'S VACATION PLANS...

1. Vacation Mail Plan

You can keep up on all the home-town news by having your DEMOCRAT or CAPITAL mailed to you at your vacation headquarters... anywhere in the U.S. or Canada. It's as simple as dialing 826-1000! Ask for Circulation Department!

2. Vacation Pak Plan

If you're traveling from place to place, or if you prefer having the papers saved for you, just notify your carrier, or call the DEMOCRAT-CAPITAL Circulation Dept. They'll be delivered to you in a Handy Vacation Pak when you return. No extra charge!

Ann Landers

Puppy Is Treated Like Stuffed Toy

Dear Ann Landers: Our next-door neighbor bought a darling little puppy for their children. Sounds sweet? Well, the children are four and five years of age and they treat the puppy as if it were a stuffed animal. In fact, I am not at all sure they know the difference.

A few days ago I saw the youngest child squeeze the puppy so hard I thought he had killed it. I rushed over and took the pathetic creature out of the youngster's hands. Then I went immediately to the child's mother and told her what had happened. Her response infuriated me. "Oh, Donnie didn't mean to hurt the puppy," she yawned. "He just loves that little doggie to death." I told her she didn't realize how close her language had come to the truth.

Yesterday the five-year-old had the pet in the back yard. He was dressing the puppy in doll's clothes. The skirt was so tight that the puppy was crying in agony. The child had put a hat on the puppy's head and the elastic chin-strap was choking him. Again I went to the mother

and complained. This time she got mad and told me she was sick of my interference and to mind my own business.

I want to help that little animal but I don't know what to do next. My husband says he doesn't want me getting into fights with the neighbors—that I have made two attempts and now I should keep quiet. What do YOU say? —Hate To See It

Dear See: Tell that dumbbell next door that if you witness another act of cruelty against that helpless puppy you are going to call the S.P.C.A. Then do it.

Dear Ann Landers: Do I have a right to an explanation? If you say no, I promise to keep my mouth shut. If you say yes, I'll show it to my daughter-in-law and tell her to start talking because Ann is on my side.

Last night my son and his wife were playing three-handed bridge. About midnight a car pulled into the driveway and just stood there. I recognized it at once as my ex-husband's Chevrolet Impala. My son went out of the car and stayed ten

minutes. He came back and said, "Dad has had a little too much to drink. He doesn't want to come in. He just wants to sit out there and listen to the radio."

With that my daughter-in-law excused herself and went out to the car. She was gone nearly an hour. This, of course, ruined our card game. But worse than that I drove myself nuts trying to figure out what those two were talking about. When my daughter-in-law came back in the house she didn't say one word to explain her lengthy absence. She and my son left shortly after and I've been boiling ever since.

I feel my daughter-in-law owes it to me to tell me what they talked about. When I asked my son if she had told him he replied, "No, I figured it was none of my business." What do you think about it, Ann? —Blacked Out

Dear Out: Since your daughter-in-law did not volunteer any information, accept the fact that she is keeping a confidence. Respect her integrity and stop probing.

Dear Ann Landers: I haven't the guts to tell her to her face. She reads your column every day. Will you print this?

Dear Wife: The invitation for

our high school's 25th reunion came last week. I'd love to go. Will you please lose 30 pounds so I can be proud of you? —Your Loving Husband

Dear Husband: I take it YOUR weight is the same. It better be, Bub.

Ava Youth Dies In Truck Mishap

AVA, Mo. (AP) — Jackie Wayne Hall, 14, of Route 2, Ava, was killed Wednesday when the flatbed truck he was driving ran off of the highway.

The accident occurred eight miles northeast of Ava on Missouri 76.

The vehicle overturned and crushed Hall beneath it, the Missouri Highway Patrol said.

Economic Progress Noted

"The city has made steady economic progress in recent months" and "the outlook for the rest of this year is optimistic," the Missouri Economic Review, a publication of the Missouri Division of Commerce and Industrial Development, said about Sedalia in its April edition.

Indicators used in reaching the decision included a recent announcement by Rival Manufacturing Co., that it was moving its basic service division to Sedalia, creating 25 new jobs, and current construction programs.

"Increased residential and nonresidential construction activity is expected," the publication said. It listed the new swimming pool, construction of a new drive-in restaurant and other activity as signs of progress in Sedalia.

The report also showed Sedalia made gains in 1971 in everything from bank deposits to the number of gas meters in service.

Bank deposits were up 13.9 per cent, the number of retail sales climbed 17.7 per cent, postal receipts were up 28.5 per cent and residential and commercial construction was up 24.1 per cent last year as compared to 1970.

During the same year, kilowatt hours of electric current used were up 6.6 per cent, the number of telephones in use, up 3.3 per cent; water meters in use, up 1.1 per cent; and gas meters, up 0.5 per cent.

As far as area communities were concerned, the report said Marshall showed gains in all areas, but Warsaw dropped in construction last year.
